Colloky Cyber Day — Lakehouse Insights

Hourly snapshots of ~3,300 products · Databricks medallion pipeline (Bronze → Silver → Gold)

Unique products tracked.	Hourly snapshots	Price changes detected	New arrivals
3,66 mil	16	2,88 mil	282

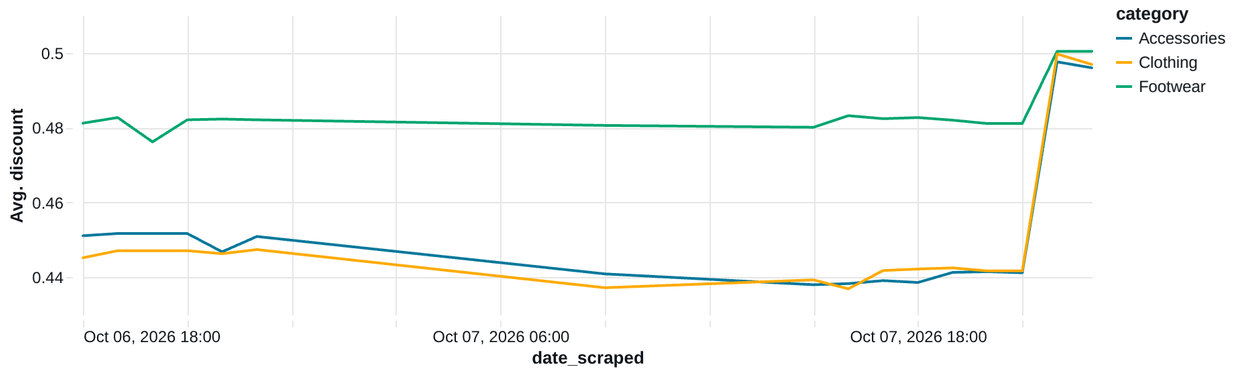

The 50%-off switch

At ~10 PM on Oct 7, 99.6% of the catalog moved to exactly 50% off.

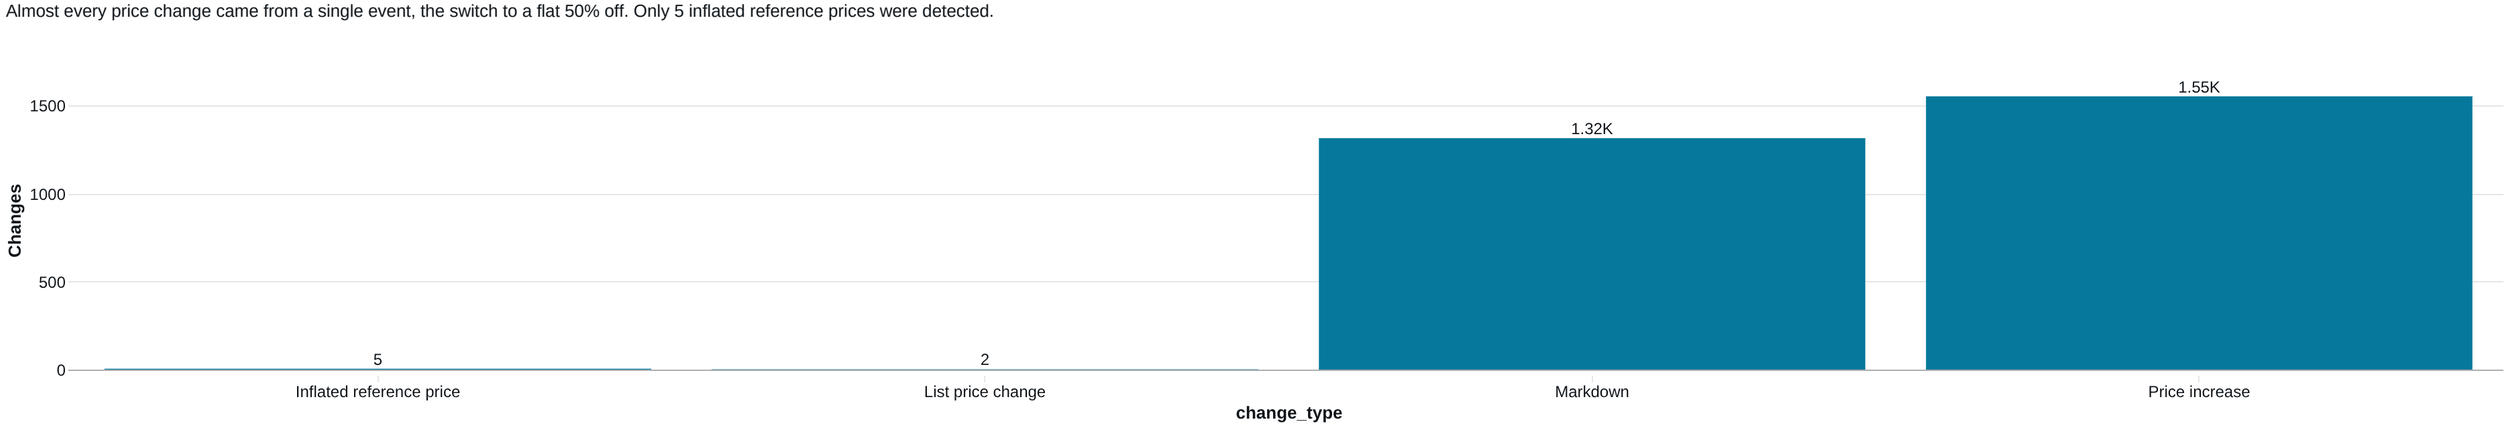

Discount trend by category

Footwear held the deepest discounts (~48%) throughout Cyber Day; all three categories converged to 50% in the final run.

Price changes by type

Almost every price change came from a single event, the switch to a flat 50% off. Only 5 inflated reference prices were detected.

Catalog churn: products added vs removed

262 products left the catalog overnight (9-hour gap between runs); during the day, hourly churn stayed under 100.
